WORK EXPERIENCES

08.17-Now San Diego Mesa College

Web Project Assistant

Currently work with the Office of Communications to improve campus website's ADA compliance and accessibility on mobile, while integrating featured modules onto front page (e.g. newsroom feeds, campus upcoming events). Wrote and implemented a master content generator script, which extracts data from Excel cells to display on the site with flexible and searchable layouts (e.g., schedule of open classes, events and directory).

01.15-09.17 Freelance

Web Designer / Front-End Developer

Provided various design and coding services from start to final web product. (e.g. UX screen layouts, high-fidelity prototype, coding landing page, PSD to HTML, HTML to Wordpress)

02.16-06.16 San Diego City College

Graphic Designer / Photographer

Worked with the Office of Communications to update and create promotional print designs and provided media service for campus events (e.g. Commencement, Open House...)

09.15-02.16 San Diego Mesa College

Graphic Designer / Photographer

Worked with the Office of Communications to create and update promotional print designs. Provided photographic services during campus events (e.g. Welcome Week, STAR awards...)

06.14-06.17 Good Samaritan Medical Dental Ministry

Web Master / Photographer / Videographer

Planned, designed and established an online presence (web & media) for the Good Samaritan Medical-Dental Ministry, a non-profit organization that plans annual medical mission trips to Vietnam to serve the impoverished.

EDUCATION

2017-2018 Udacity

Mobile Web Specialist, Nano-Degree
Front End Web Developer, Nano-Degree

2016-2018 San Diego Mesa College

Web Development, A.S. Degree
Multimedia, A.S. Degree

2011-2014 University of California, San Diego

Pharmacological Chemistry, B.S. Degree

PROFILE

I believe I'm a strong candidate for this position due to my experience of studying at and working in the San Diego Community College District. My time as a student in SDCCD has allowed me to experience the diversity of the student body and the unique community college environment. Having spent time working in the Office of Communications at Mesa and City College, I have a solid grasp on areas such as branding restrictions and systems currently used in SDCCD. With my experience in mobile web development, print and media production, I hope to be able to contribute greatly to the ever-growing online and social presence of City College.
